Exclusive Features

Can't possibly find this anywhere else!

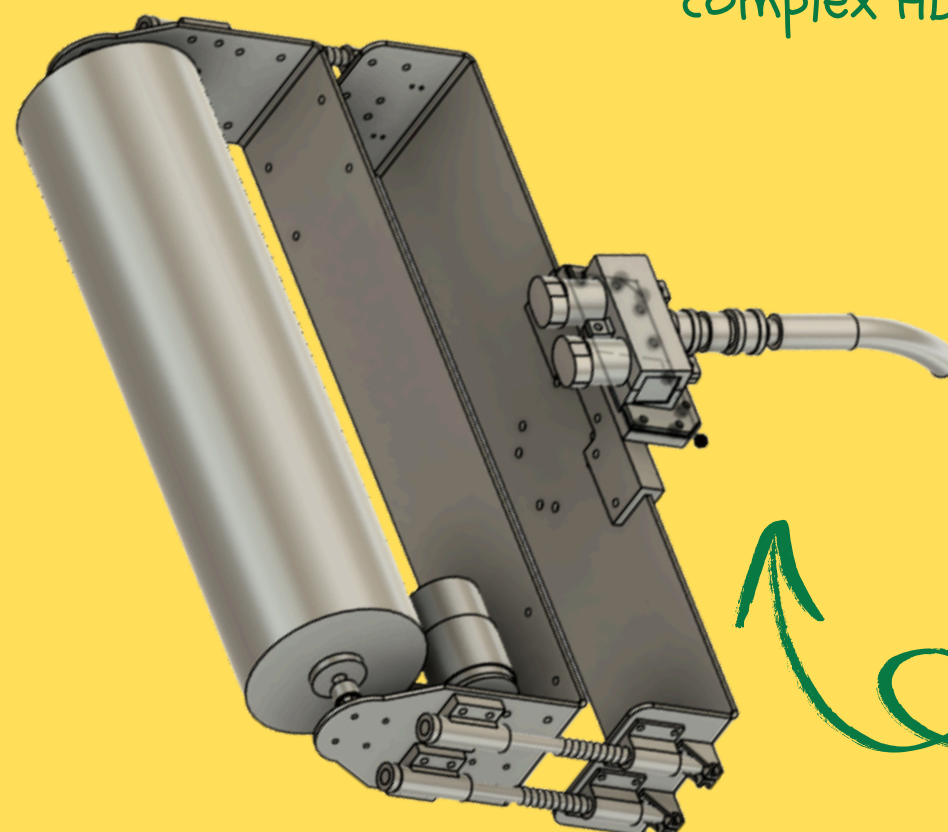

Camera module

Integrated SMART AI that detects stain severity for you to slack off on the job!

Wall Navigation

Navigates with a 3 point anchor system to scale complex HDB surfaces with ease

Brush and Suspension

Afraid of bouncing off walls during cleaning? Fret not! This bad boy has one of the best suspension systems in the world!

THE LEGS

The inspiration for the name, provides cushioning against surfaces just in case the world class suspension system fails. (It won't)
